

Requesting Access

Media credentials are issued to individuals who are on assignment only. All requests for credentials will be reviewed.

All requests for media credentials must be submitted and written ONLY by the outlets' Sports Editor and/or Sports Director. The specific outlet (print, TV, radio, web-based) must be identified as well.

Please be specific when requesting credentials. Names as they appear on legal, valid photo identification of working media personnel only may be submitted at the time of the request. NO NICKNAMES.

Only one (1) photographer per outlet will be granted access to Casey's General Store Victory Lane. Indicate the name of the photographer to secure access at the time your request is made.

There will be a mandatory photographer's meeting each day of the race weekend in the Mediacom Media Center photographer's room. Photo vests will be distributed at those meetings. Times of the meetings will be provided in advance and also posted in the Mediacom Media Center during the race weekend.

If this is your first application for credentials at Iowa Speedway, submit samples of past racing or other coverage from the specific writer, photographer or broadcaster for whom you are requesting access. Submit completed request featuring an outlet logo or letterhead electronically via:

- Email to pr@iowaspeedway.com
- Scan and email request to pr@iowaspeedway.com
- *NOTE: Telephone requests will not be accepted*

Upon approval of a media credential request, a confirmation email will be sent to the assigning media outlets' Sports Editor and/or Sports Director. Parking and access stickers will be mailed to Iowa Speedway or series hard card holders in advance of each event. However, members of the media should confirm their media credentials prior to the week of the race if no email confirmation has been received.

Credential Pick-Up at Iowa Speedway

The Iowa Speedway Credentials Office is the gray building located outside the tunnel entrance to the infield off Iowa Speedway Drive. All holders of media credentials must sign an Insurance Release Waiver upon arrival releasing Iowa Speedway from any liability incurred while performing their duties at the Speedway.

Legal, valid photo identification is required to secure credentials. A media credential holder must be 18 years of age or older to qualify for media credentials. Names on a credential must match the name as it appears on legal, valid photo identification.

The following guidelines have been established for media desiring access to the garage areas and pits at all NASCAR and INDYCAR events:

- Shirts and pants, dresses or skirts and blouses are required
- Shoes are required
- The following are permitted: shorts, short-sleeve or sleeveless shirts and blouses and open-toed shoes. Photographers working on pit road must wear pants and closed-toed shoes and shirts with sleeves

**Iowa Speedway Garage Access**

Iowa Speedway is allotted a limited number of NASCAR garage passes for media use therefore we may not be able to honor every request. Garage passes are valid in the garage and pit areas at all times, however times may be subject to change without notice. The garage area for NASCAR, ARCA and INDYCAR events is a working area for the teams therefore media requests should be strictly limited to working personnel only.

Iowa Speedway Mediacom Media Center / Media Parking

The Iowa Speedway Mediacom Media Center which houses the Deadline Media Room, Photographers Room and Drivers Meeting Room is located adjacent to Casey's General Store Victory Lane.

Media parking is located inside and outside the track. A limited number of parking spaces for media are located in the infield, behind the main entry to the Mediacom Media Center on the asphalt as well as in the grass. Parking is limited and parking passes will be allocated in accordance with availability. The number of passes allotted to an outlet is at the discretion of the Iowa Speedway Communications Staff. Infield parking is on a first-come, first-served basis so early arrival especially on race day is recommended. Overflow media parking is available across the street from the Credentials Office.
